"3Snapz was incredible! At the World Series of Entrepreneurship our goal is to provide a vibrant environment for high school students to present their entrepreneurial ventures. Dreana provided a rich background to create a fun vibe during the pitch competition. In addition, as the judges deliberated for the final results, her performance entertained everyone as we all nervously awaited the final results. WSE definitely recommends DJ 3Snapz for your next party or event!"
Robert Gordon, Regional Director for World Series of Entrepreneurship
Chicago, IL

"Dreana Johnson is one of the most professional individuals I've come to know since relocating to Chicago. She exudes positivity, creativity and professionalism all around. Dreana is a deep thinker and pours all things good into every aspect of her work. Whether it's DJing, writing or actively helping people achieve their goals and dreams, Dreana brings her A game and leaves nothing to chance. I highly recommend working with her on whatever your project is. She will deliver and will not disappoint."
Dara Munson, CEO of Chicago Child Care Society
